TestFit - Software Demo/review!

Aussie BIM Guru • 1.2K views • 3 months ago

Today I wanted to demonstrate and review and revi allows users to literally **test** ...

TestFit to Revit using Dynamo!

Aussie BIM Guru • 1.2K views • 1 month ago

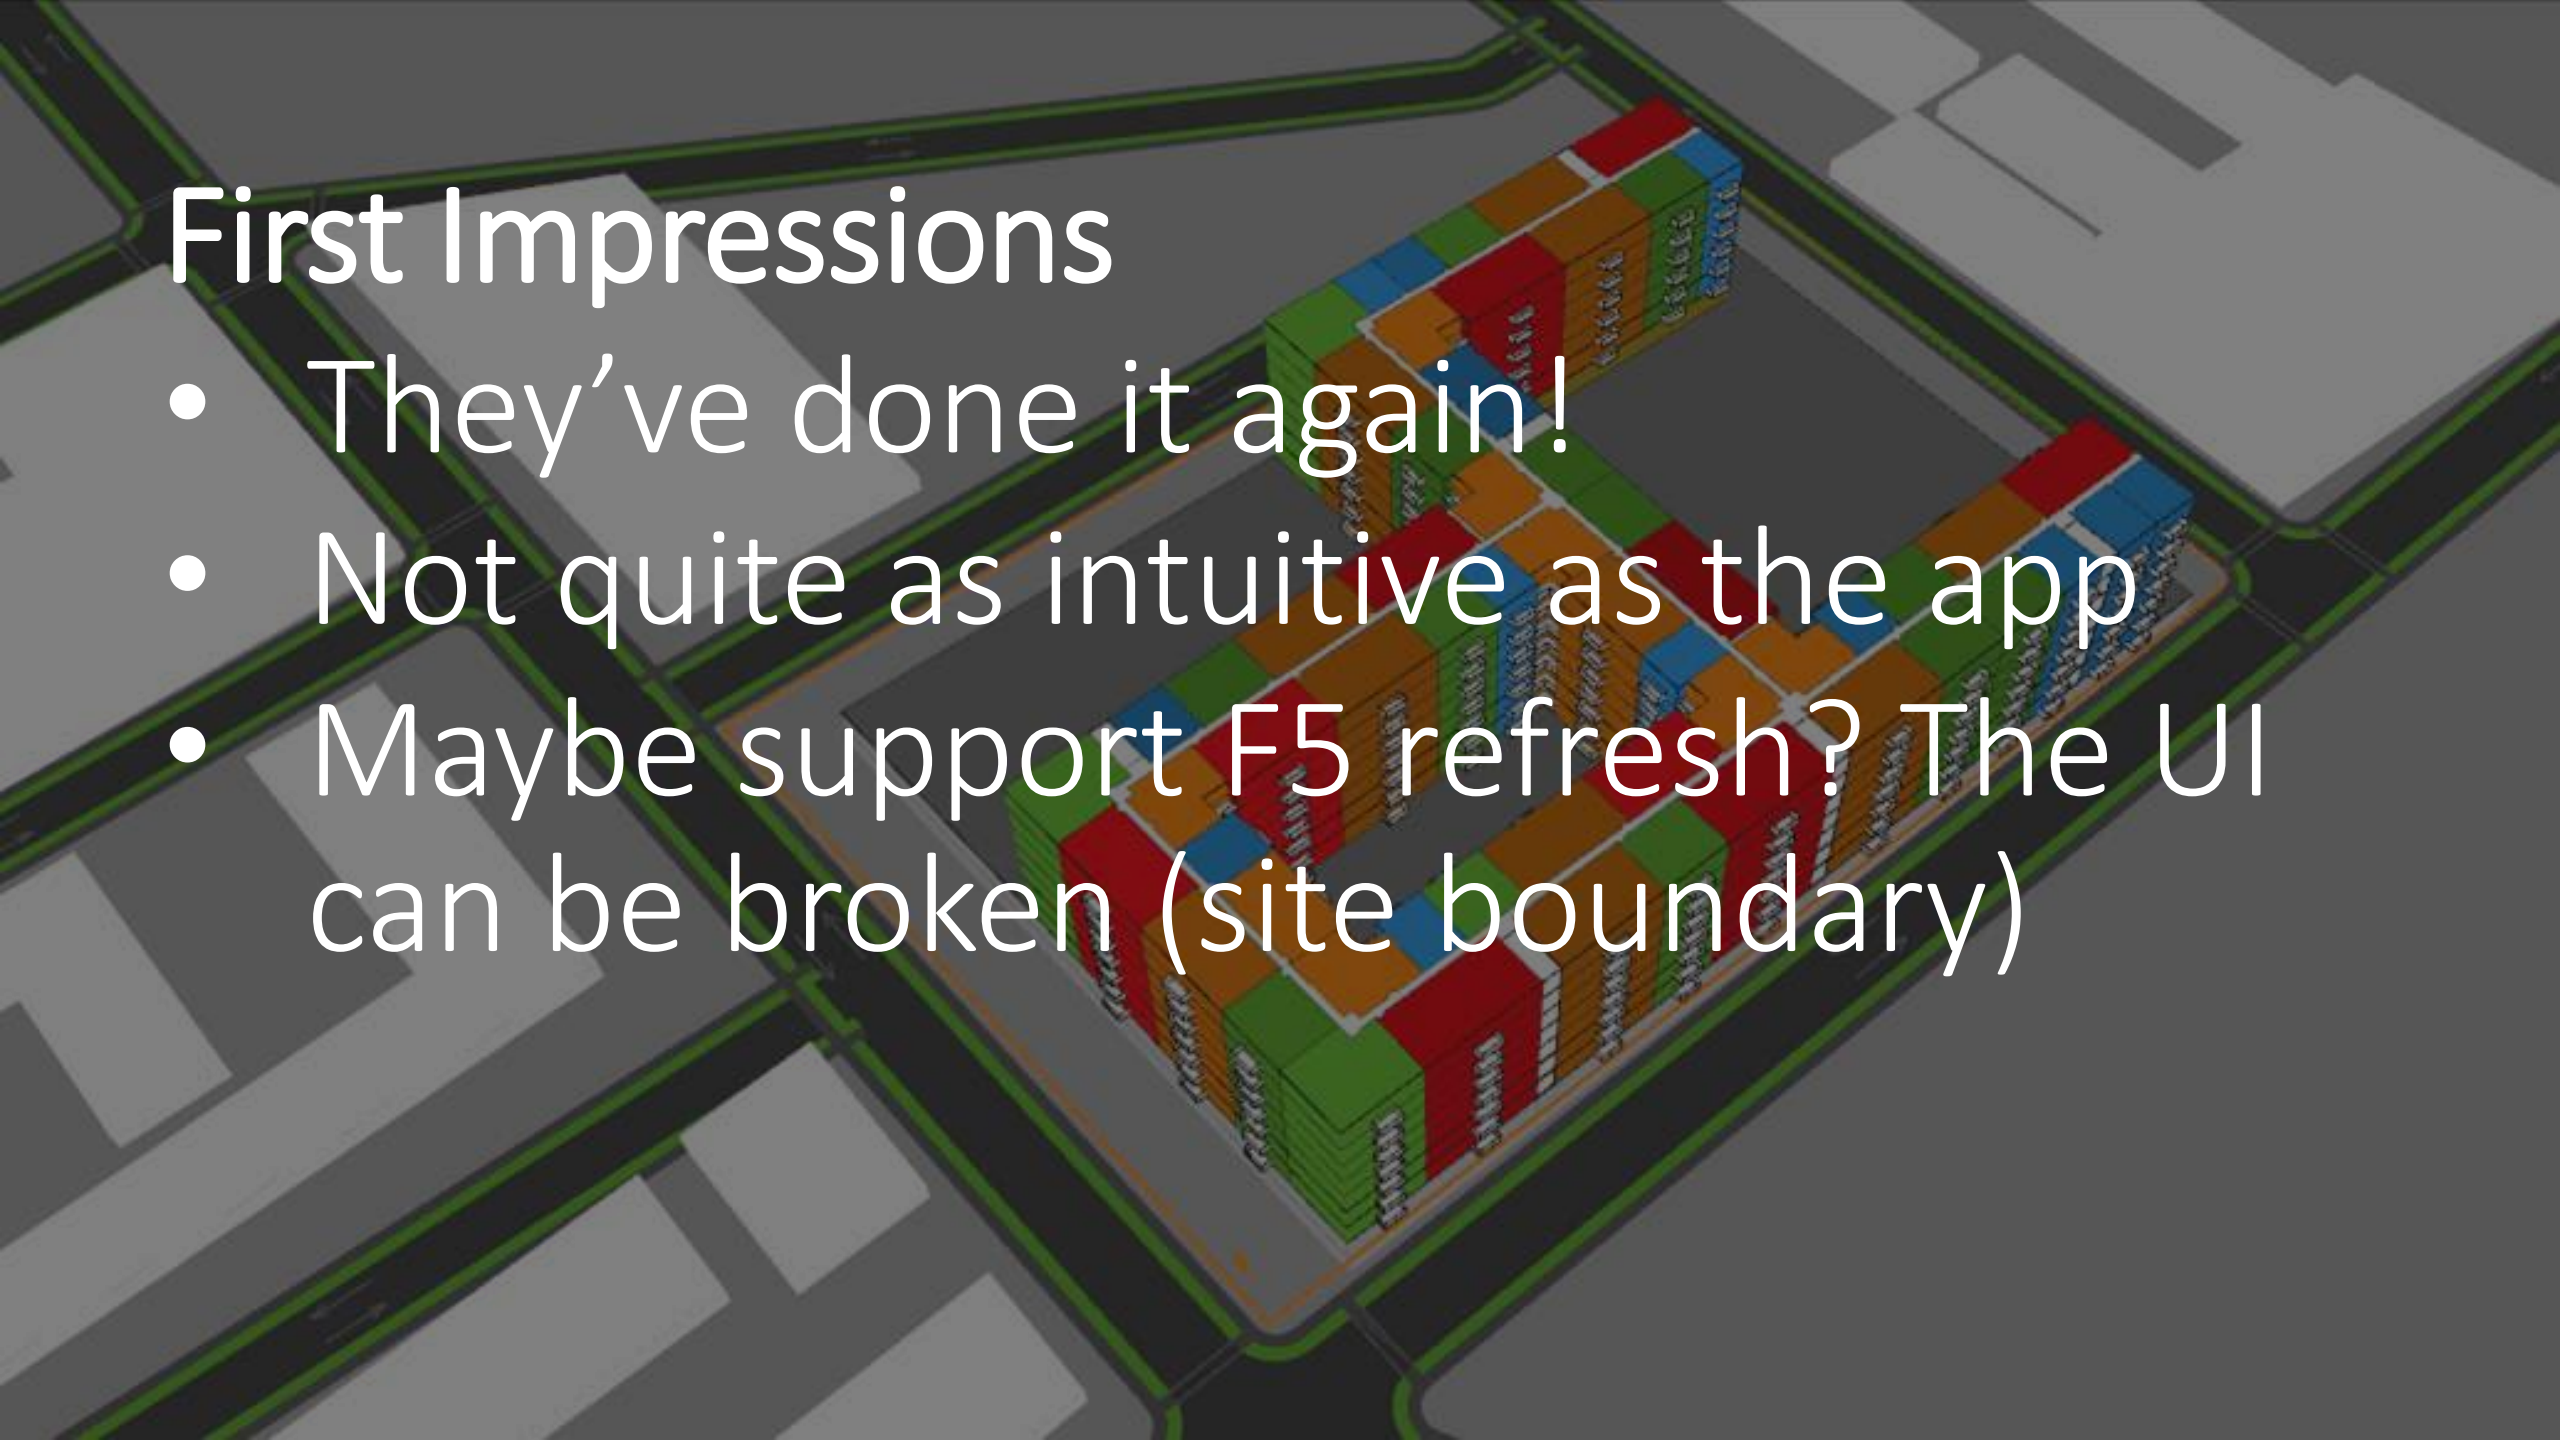
Today we return to **TestFit** to migrate it's geometry workflow, but hopefully it helps get ...

So what's this video all about

What I'll cover

- How it works
- First impressions
- Suggested development targets

Anyway let's have a look….

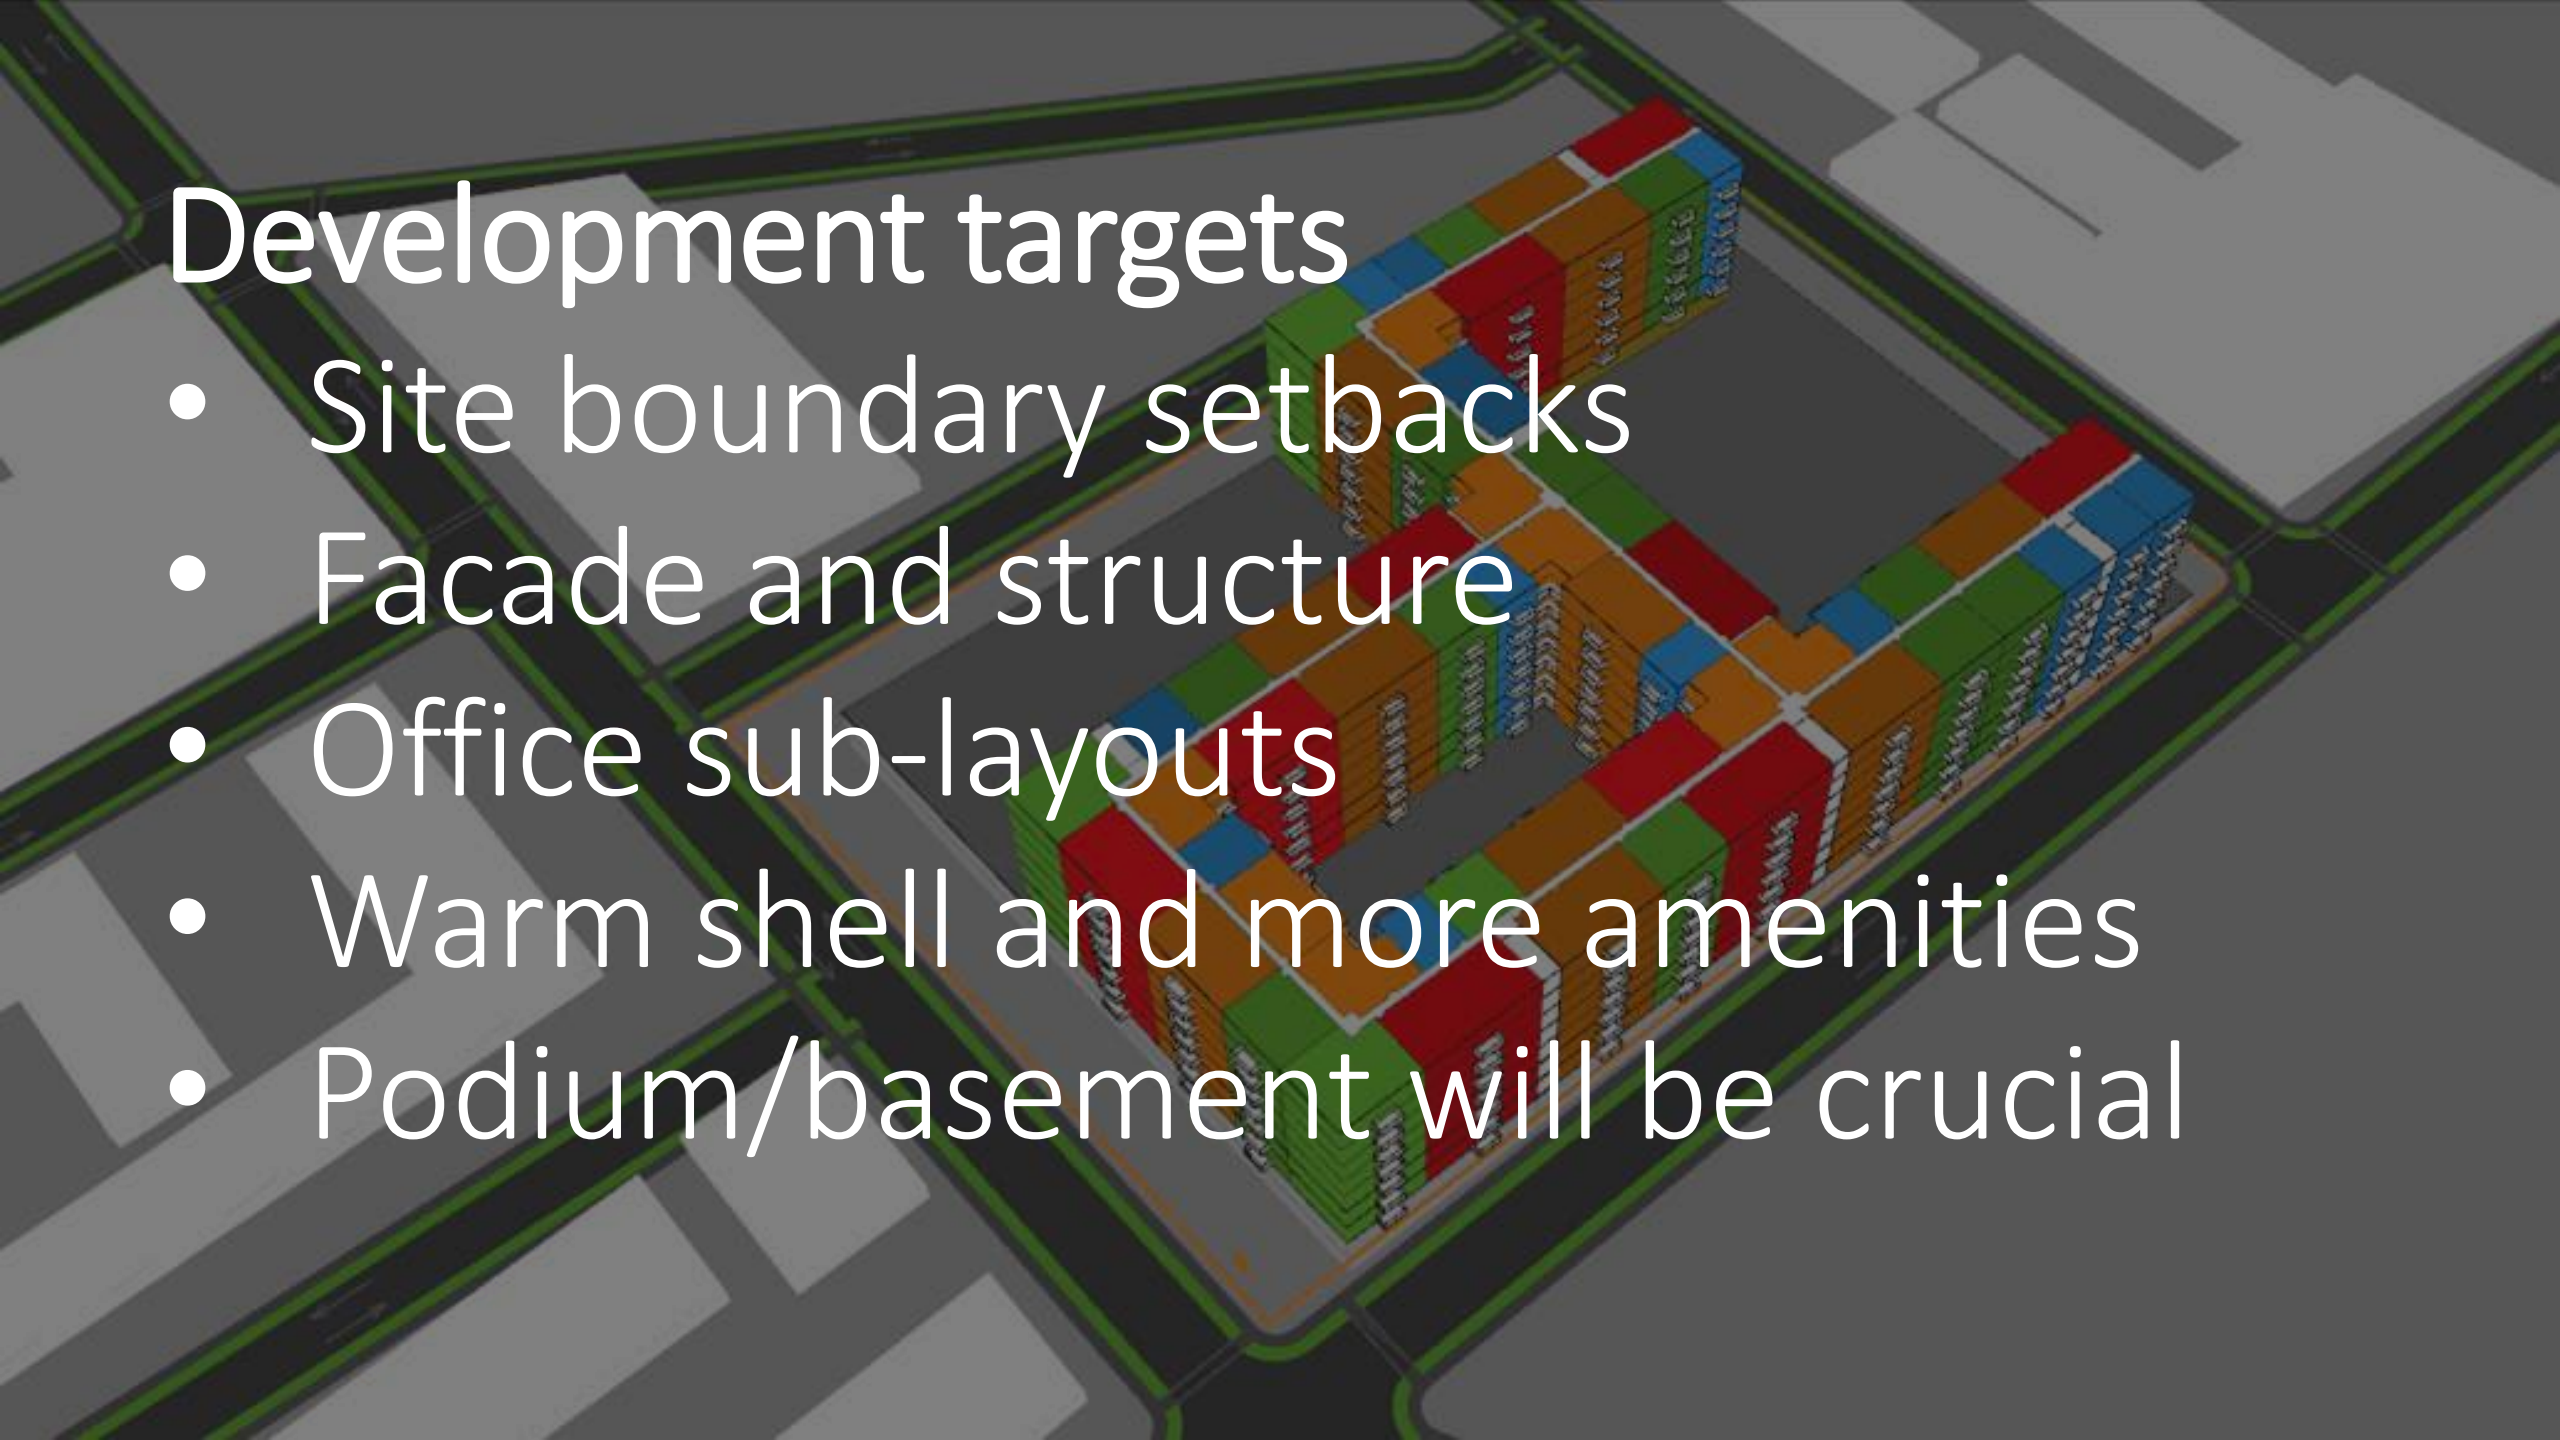


First Impressions

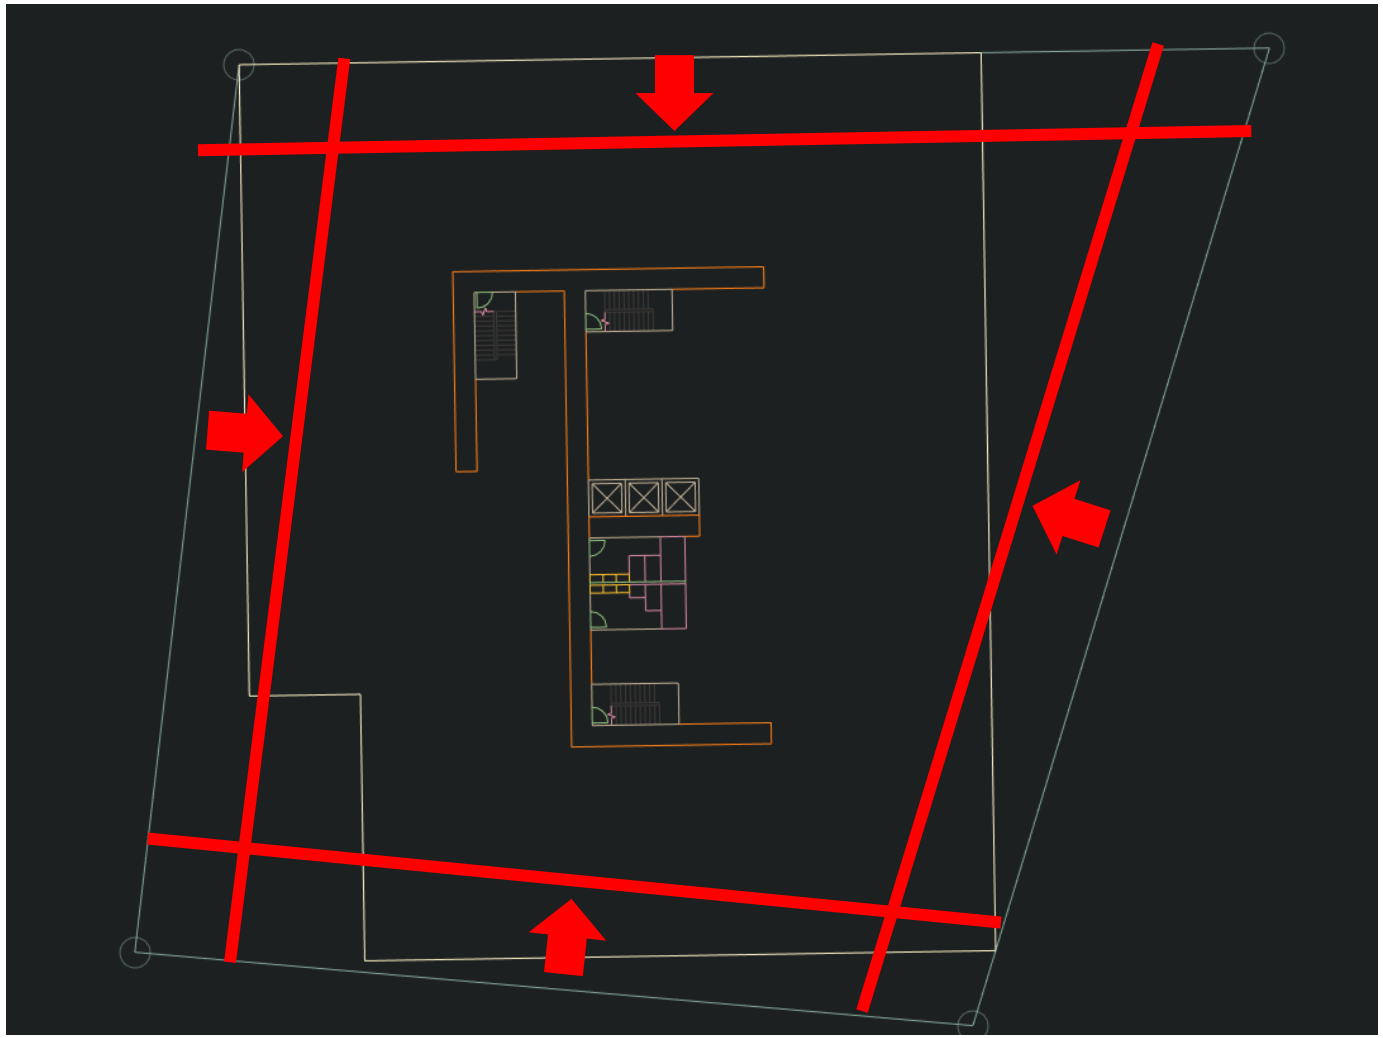
- They’ve done it again!
- Not quite as intuitive as the app
- Maybe support F5 refresh? The UI can be broken (site boundary)

Development targets

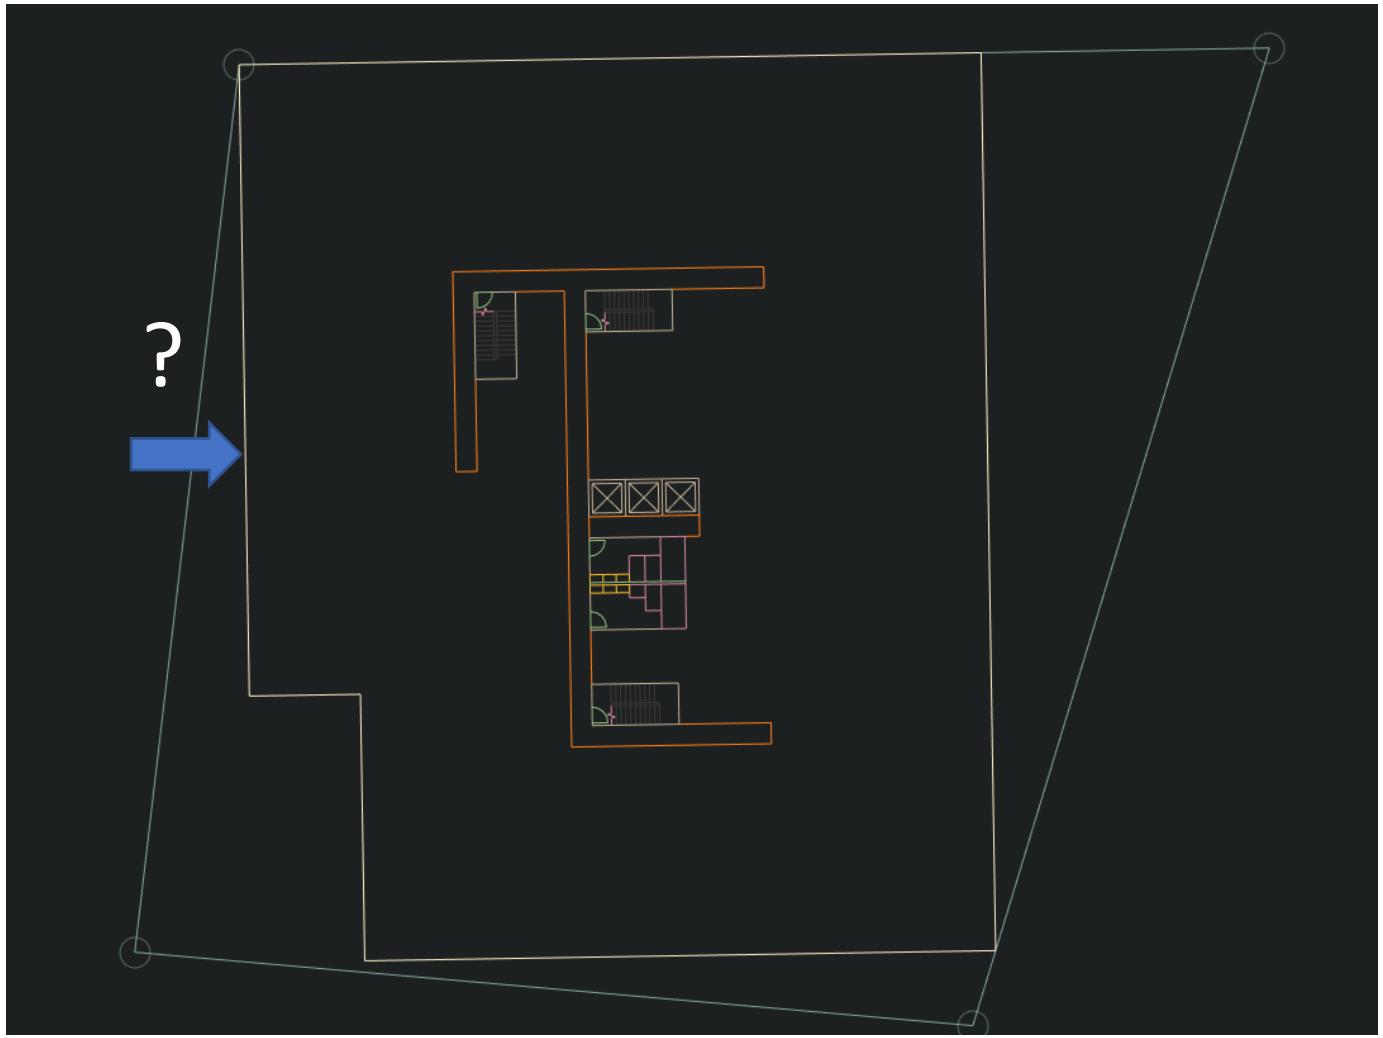
- Site boundary setbacks
- Facade and structure
- Office sub-layouts
- Warm shell and more amenities
- Podium/basement will be crucial



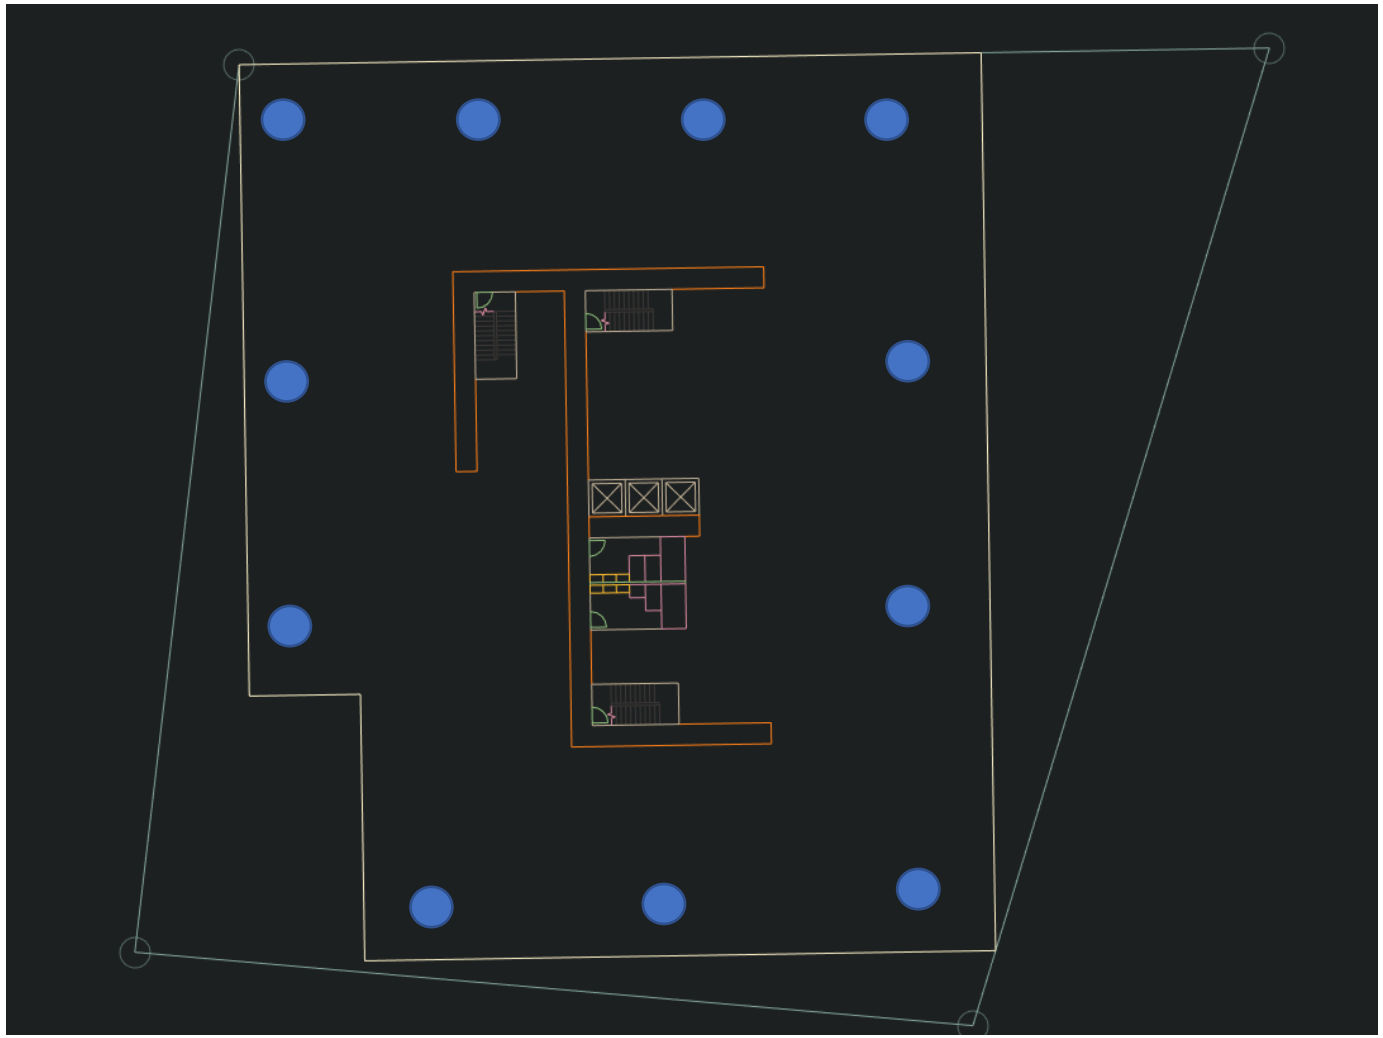
Site boundaries



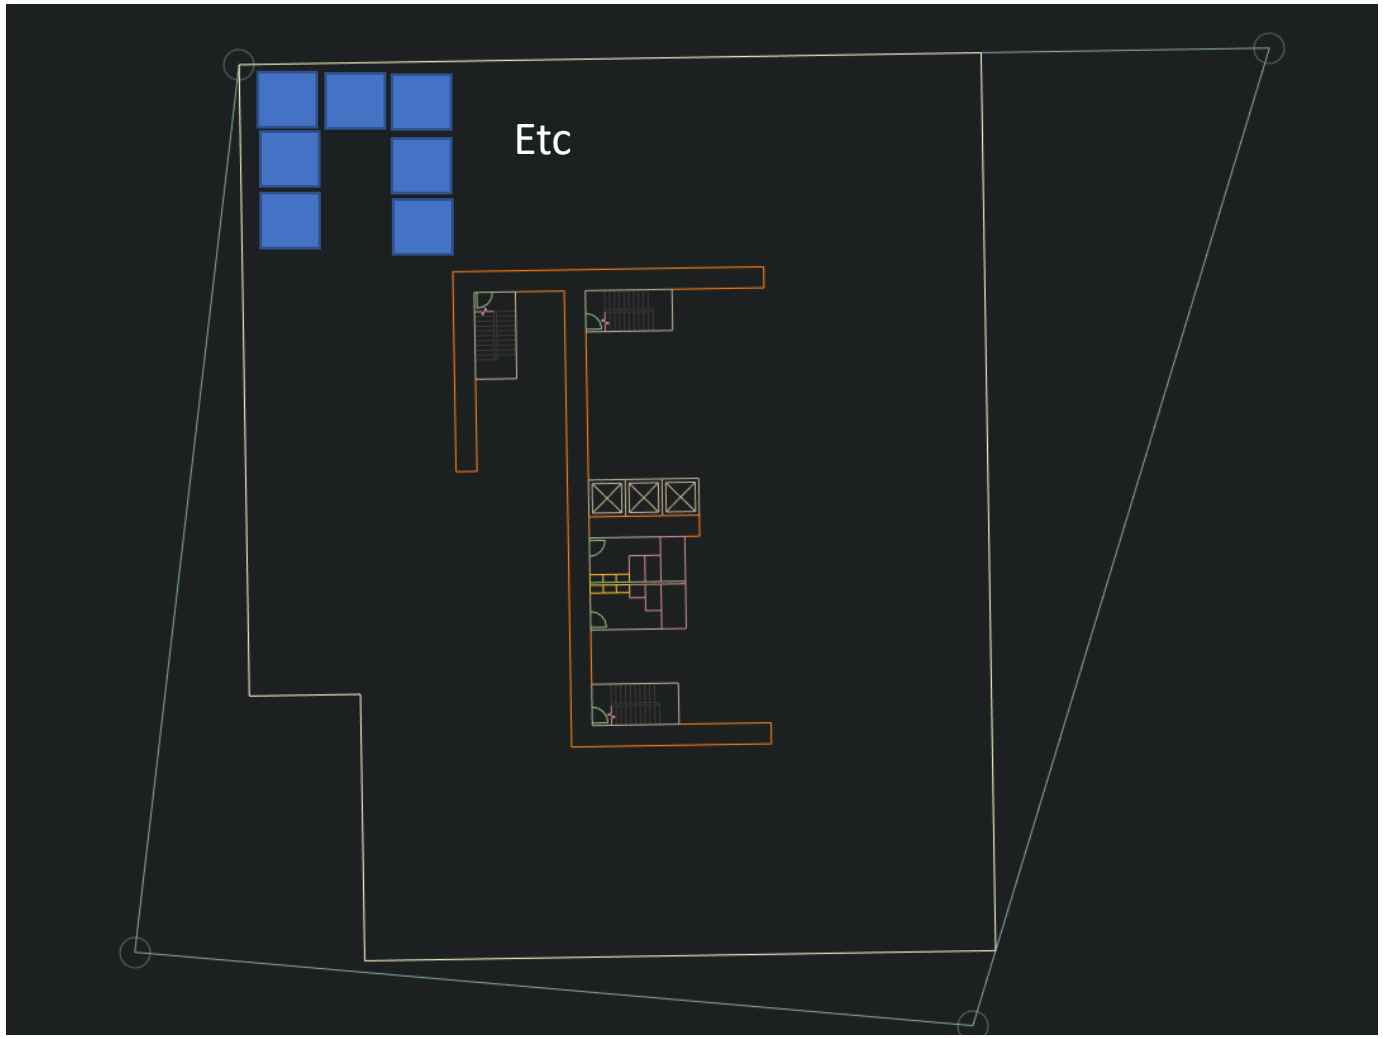
Facade Lines



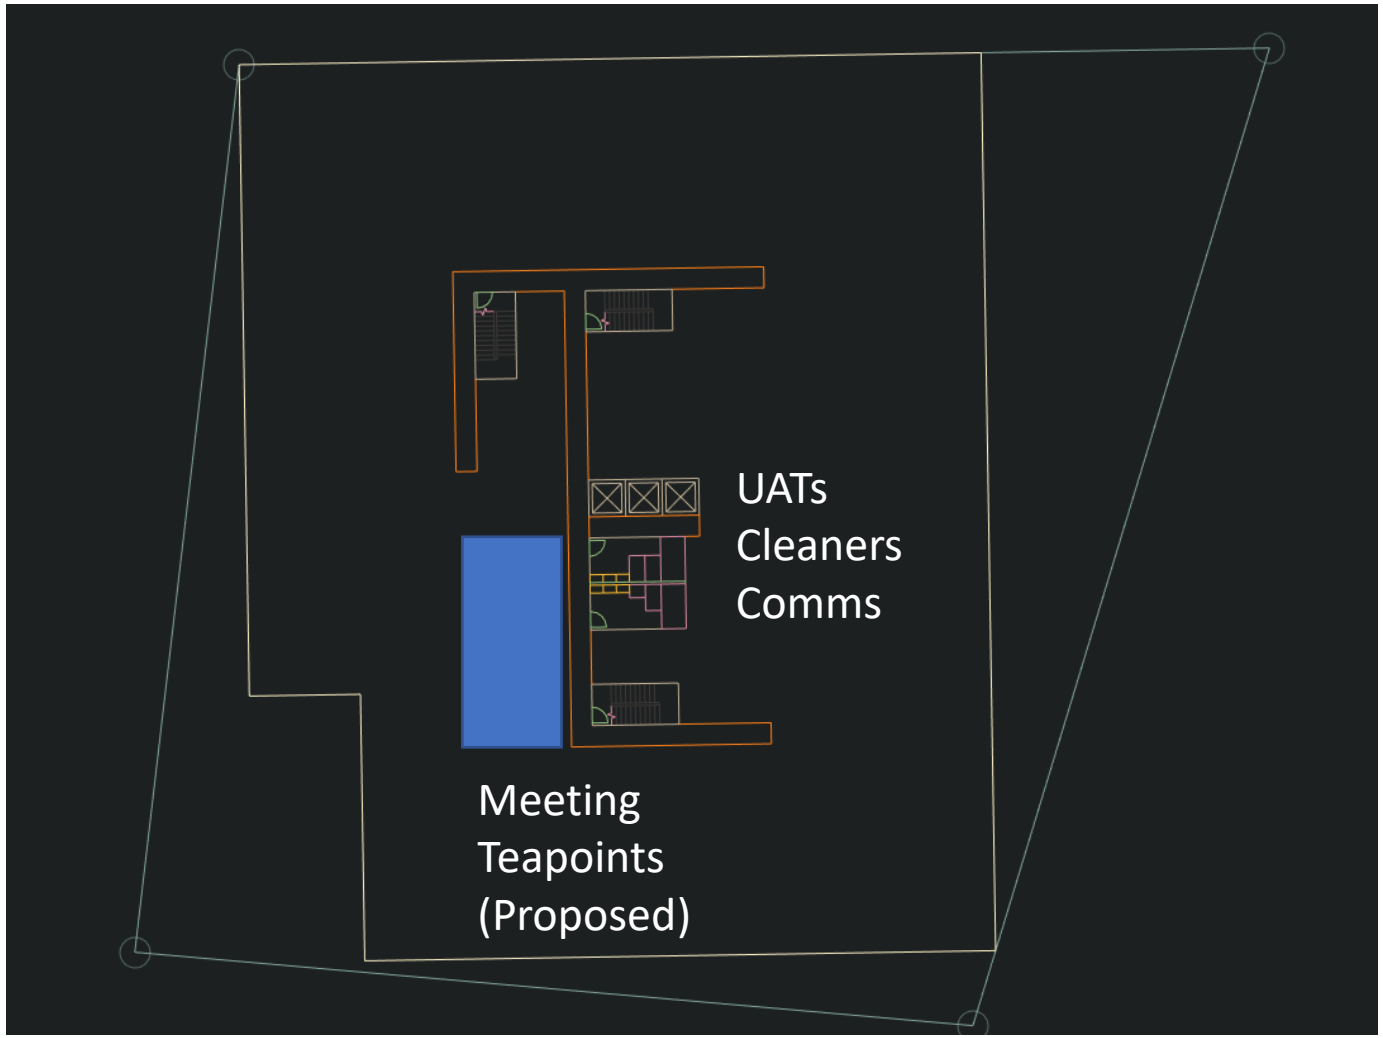
Structure



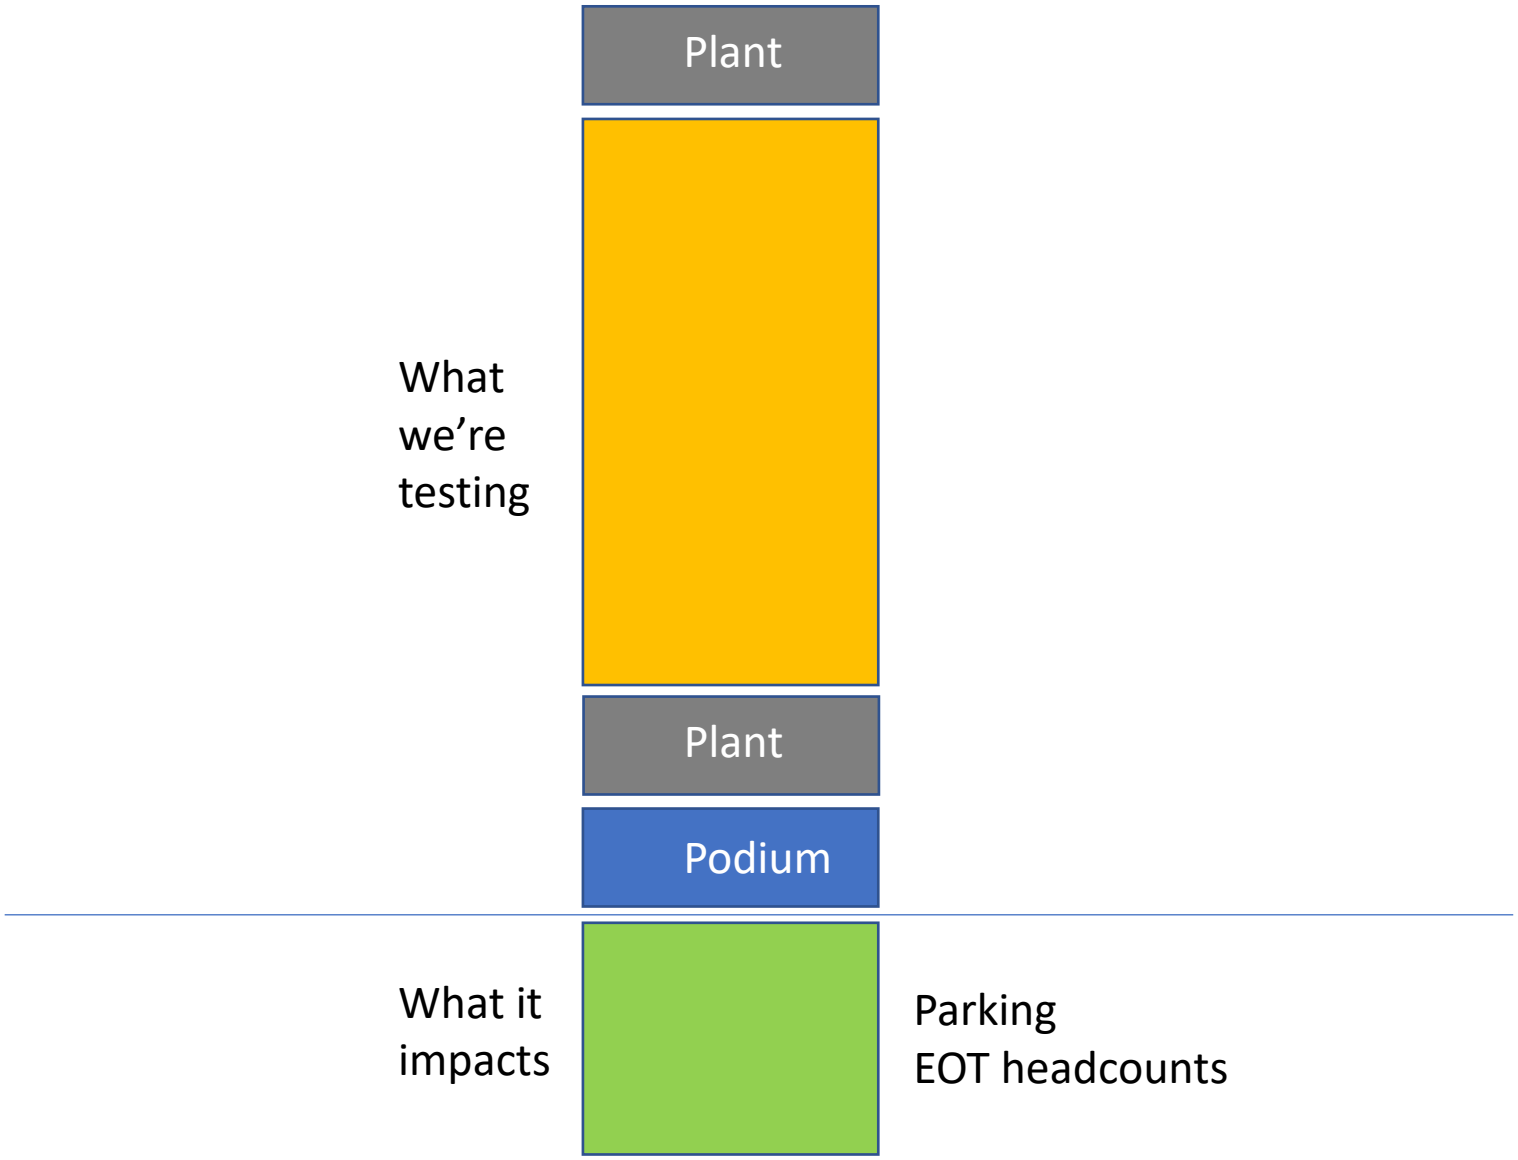
Office Sub-layout



Warm shell and more amenities



Podium and basement



Summing up

- Keep pushing it
- Web is great
- Speed = excellent (Aussie net)
- They need your feedback!

Try it out!
