Revit 2020 Template

Work vs. Play

Announcing…

Purpose of this video

- How to purchase
- Quick demonstration
- Future products

Please note

- Don’t feel pressured to buy!

although

- This may provide you with a good **learning resource**, and may help you better follow some future videos

Feedback so far has been very positive!

Replying to @thebimguru

Your template its look very well. I like that automatización about process how you include in that template. Congratulations for this work. Regards!

Gavin Crump I see the work you put in this template. Really high quality material.

Wow!...

It's a great price & it's really affordable

Pricing

- Typically **$100 AUD**
- 1 week special, **50% off**
- Students, get in touch

What is it?

Built and used by myself, for Revit 2020. Best suited for architects

Why share it?

I want the industry to improve, and think we need examples of good templates.

Why share it?

And it’s a walking resume ☺

Feature highlights

Now you too can work like a **BIM Guru** as well!

Templating is often one of the most challenging and time consuming tasks in *Autodesk Revit*. Many companies fail to get started with a suitable template file (if at all). For less than the cost of one hour of work, we can give you the kick start!

What do you get?

This product contains the following:

- Revit 2020 Template (.rte) file

- Uniclass 2015 Assembly Code (.txt) file
- 188 Image map (.jpg/.png) files
- 41 Native pattern (.pat) files

- A copy of our Terms of Use
