

Track Dynamo Usage

Part 2: Combine Log Files

Tracking Dynamo Usage

Combine Log Files

aussie BIM guru

The Series

Part 1: Log file creation

Using a custom node

Part 2: Combining Log files

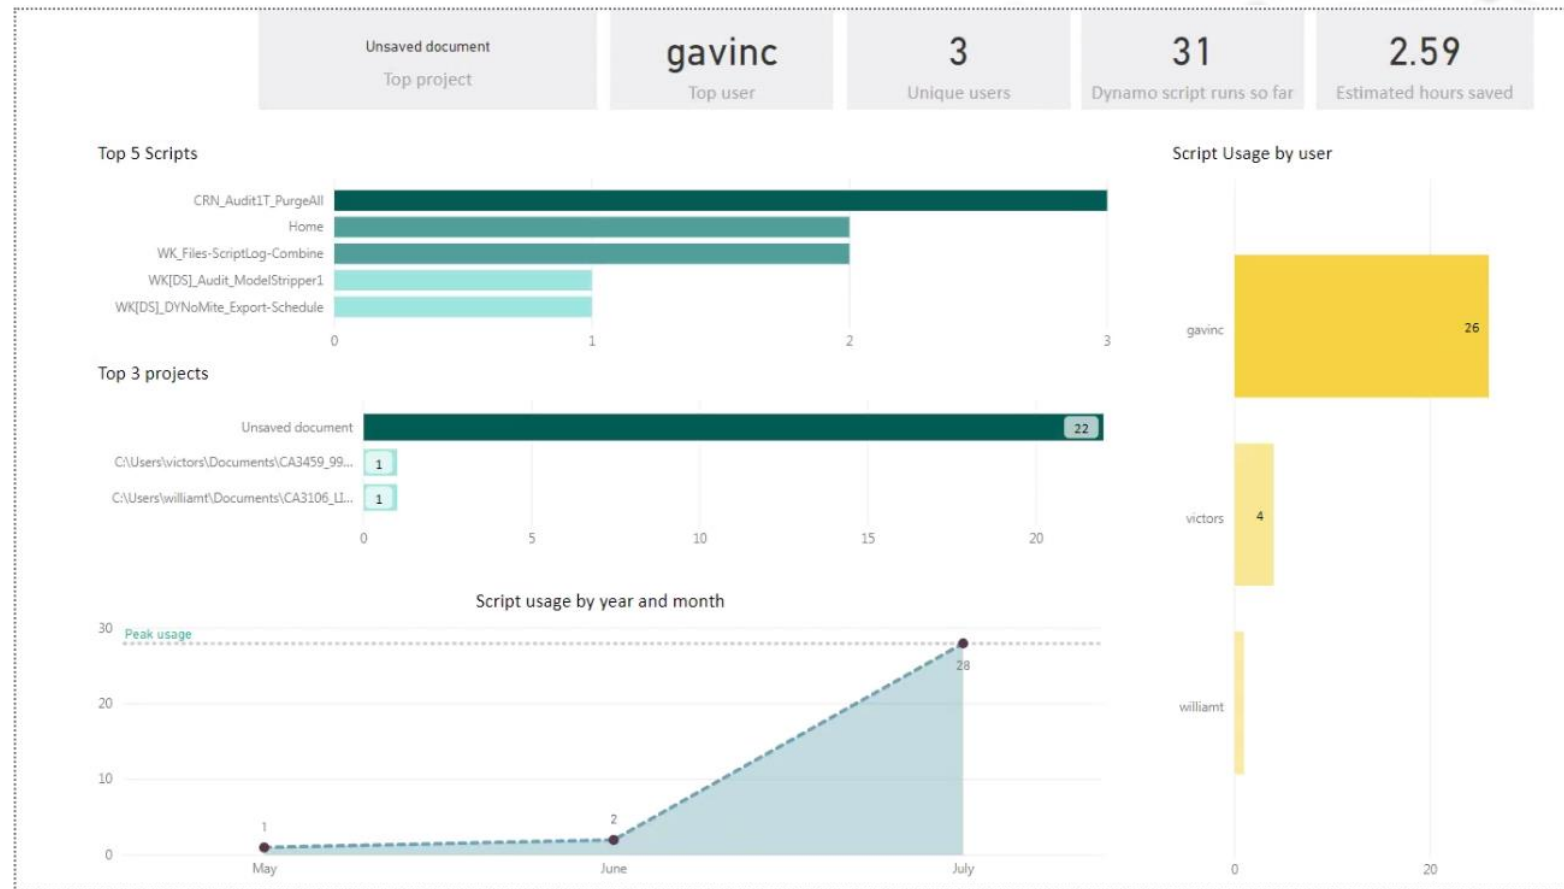

Using a Dynamo script

And finally...

aussie BIM guru

Part 3: Power BI!

Part 2: The Goal

Combine all log files...

Into a single file

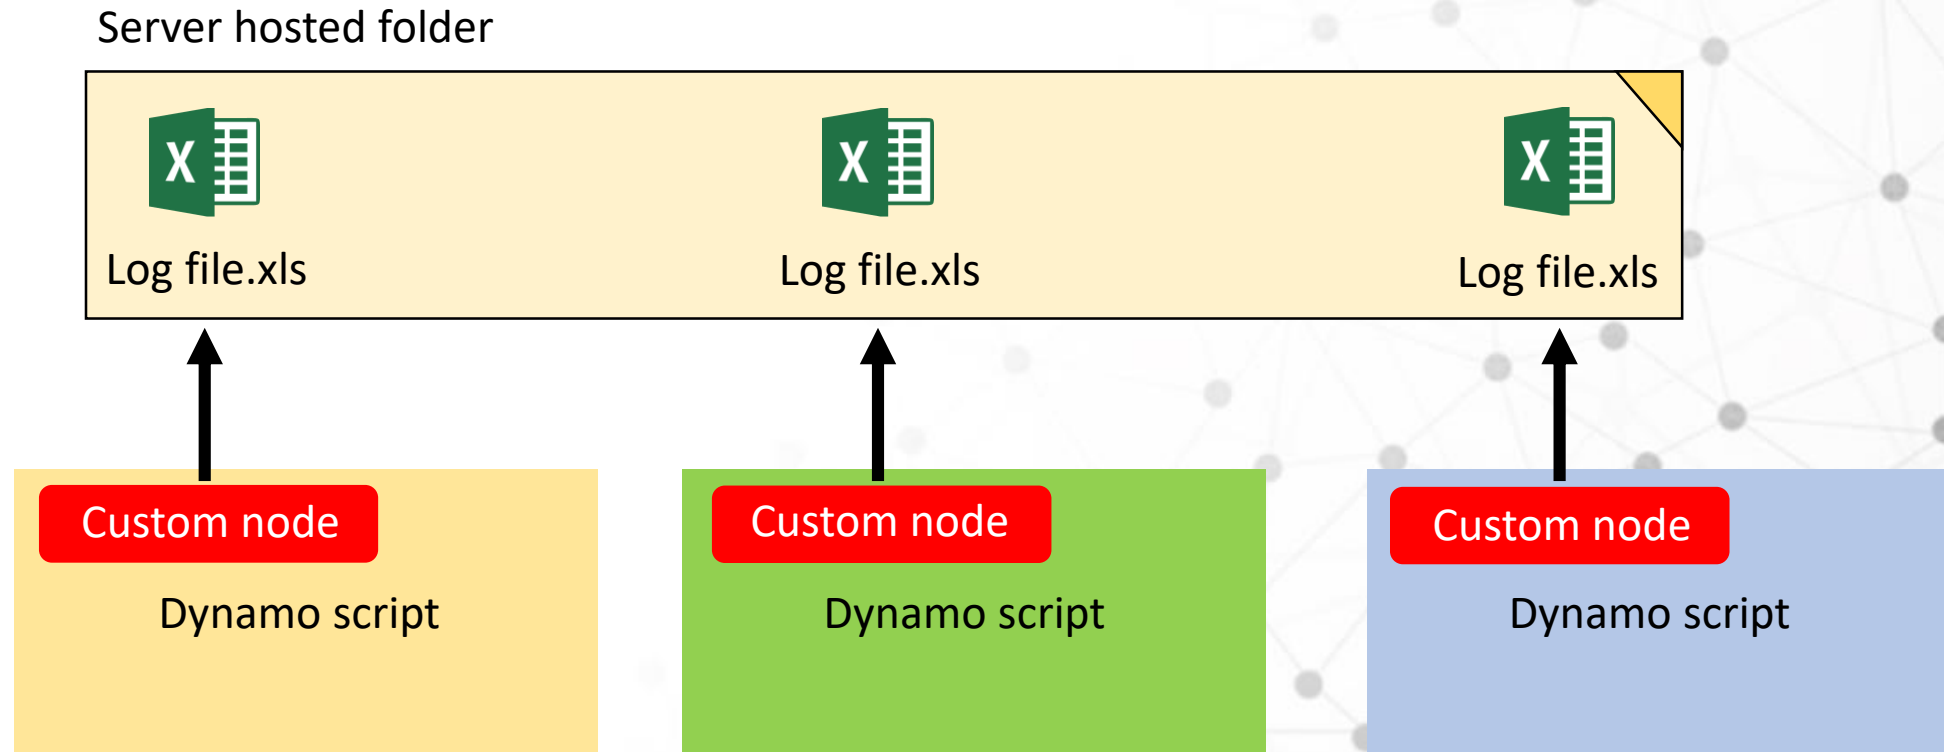

aussie BIM guru

Why are we doing this?

1. Proving success of Dynamo
2. Securing RnD from exec's
3. Tracking users
4. Identifying trends

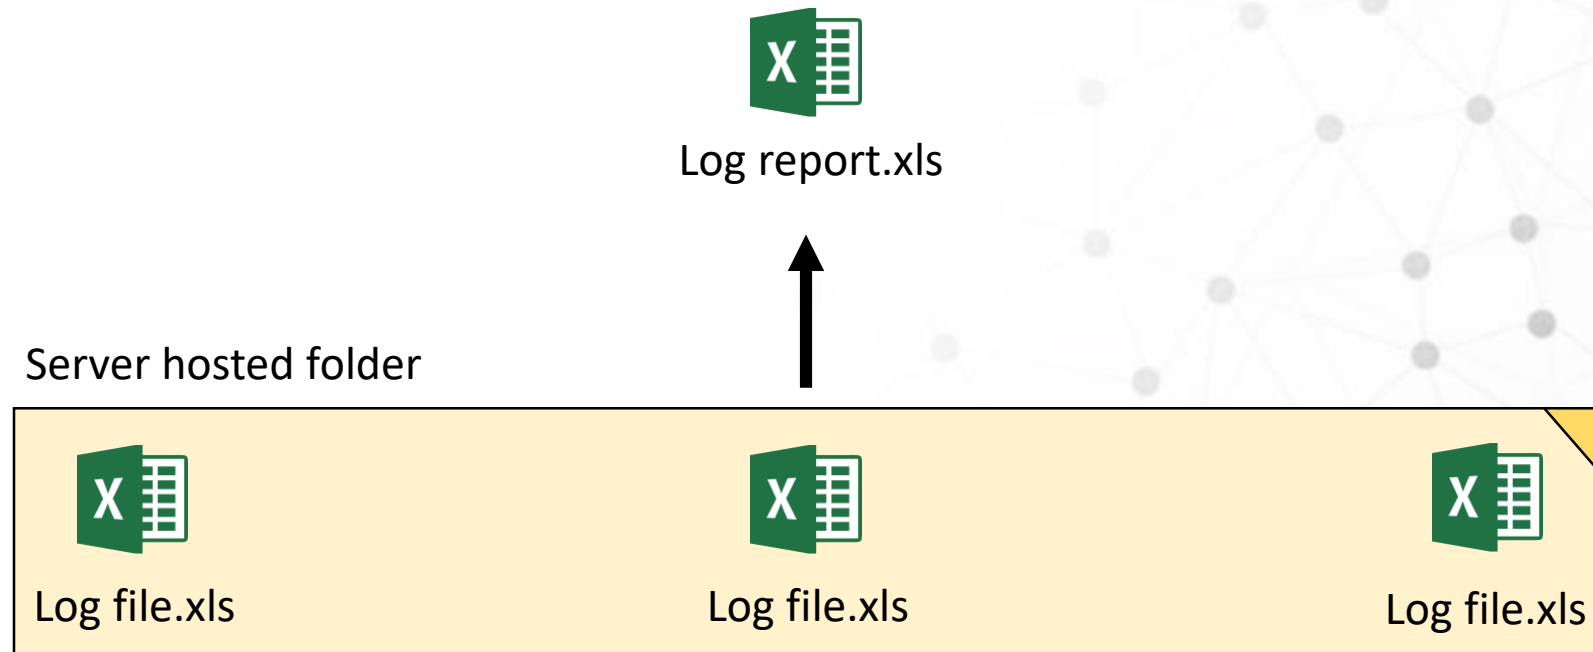

Methodology
