

# Floor Finishes by Room

Via Dynamo Scripting

aussie BIM guru

# Script Function

Based on room 'Floor Finish' parameter

...

Create floor from room boundary

...

Set type to suit

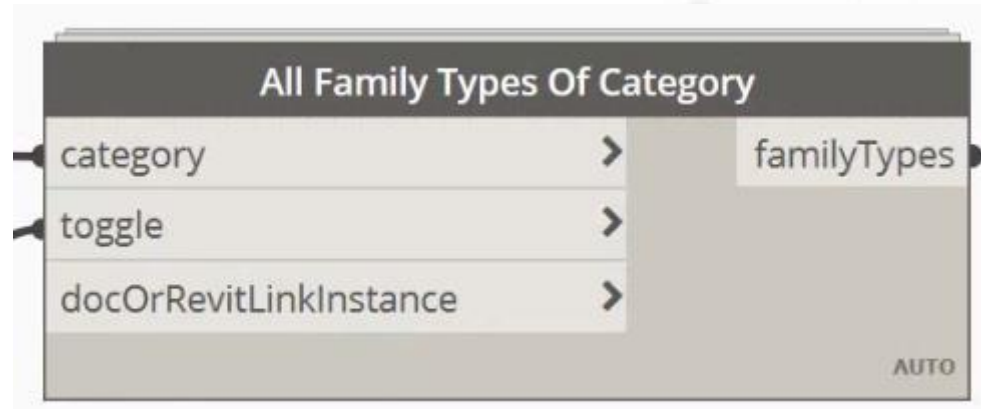

aussie BIM guru

# Custom Nodes – Family Types

Clockwork (2.x)

A faint, light gray background graphic consisting of a network of interconnected dots and lines, resembling a molecular structure or a complex web, extending across the right side of the slide.

# Without further ado...

Let's make the script!

aussie BIM guru

# Extending the usefulness

Include opening profiles from base floor

Set-down base floor locally

Offset applied finishes from base floor

Walls – harder, but possible

?Ceilings?
