

Materials

Part 3 – Shared Material Libraries

aussie BIM guru

Sessions

1. Basics & assigning
2. Custom Materials
- 3. Shared Material Libraries**

Advanced techniques

- Advanced Materials
- Cloud Rendering

aussie BIM guru

What are they?

Special Revit files that store materials

Can be server hosted

Can path custom image maps

Can work between Revit versions

aussie BIM guru

Naming Convention Suggestions

Use a **convention** to sort your materials

In the project browser

but also

By Category/class

and

In the image map directory

aussie BIM guru

Naming Convention Suggestions

XXX_CAT-Primary-Secondary-Tertiary_YYY

XXX = Your acronym

CAT = Category

YYY = Code for material

ABG_Concrete-Insitu-Polished_CON-01

aussie BIM guru

Example

My personal library!

aussie BIM guru

Demonstration

Setting up/using a library from scratch
