# Wait... RikCAD?

**RikCAD** is a computer-aided design (CAD) which is specially made for garden landscaping and exterior design, available only for speakers of the Japanese language. ... The Cinema4D engine is used in **RikCAD's** renderer, enabling users to preview, in essence, the design that they have made.

aussie BIM guru

A faint, light gray background graphic consisting of a network of interconnected dots and lines, resembling a molecular structure or a complex web, extending across the right side of the slide.
