Batch Printing

Using Dynamo!

aussie BIM guru

Why Dynamo?

Lots of tools out there…

But Dynamo is **free**, and gives you **full** customization

aussie BIM guru

Primary Node we will use
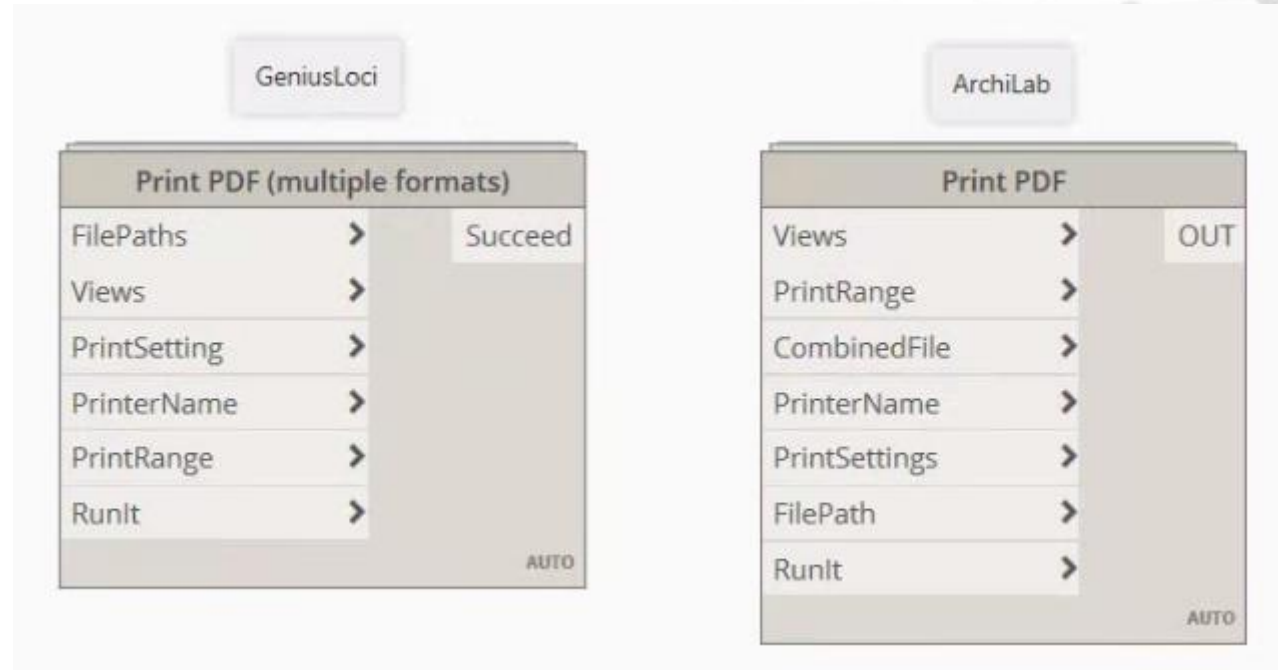

aussie BIM guru

Script Creation Process

1. Create View Sets/print settings
2. Sheet Name processing
3. File Path processing
4. PDF plotter settings
5. Batch printing
6. Document name tidy-up

aussie BIM guru

Without further ado...
